

## POCKETLIVE U16HBT PORTABLE AMPLIFIER WITH UHF 16-CHANNEL WIRELESS SYSTEM, MP3 AND BLUETOOTH™

Dedicated to all those who need maximum portability and are always “on the road”, the POCKETLIVE U16HBT is a 35W battery-powered PA system with 16-channel UHF wireless microphone system, MP3 player with Bluetooth™, line and microphone inputs, and more. Its weight of about 3kg (batteries included), the strap and the carrying bag make it suitable for almost any situation where you need to play loud but there isn't even any electrical outlet: in classroom, sport contexts, ceremonies, tourism and more. The internal battery lasts more than five hours (continuous use at maximum volume). The UHF 16-channel wireless microphone operates in ISM band (863-865MHz), can be used even in high interference environments and does not require any special authorization within the European Community. The MP3 player with Bluetooth™, the SD-Card and USB lets you play your playlists and can also be operated via a handy remote control. The bag, which features a shoulder strap and a large side pocket, has an opening with zipper and net on speaker side, and allows the use of POCKETLIVE U16 also inside the bag. Finally, under the amplifier is a hole that, by mounting the supplied adapter, allows the use on a standard microphone stand.

## PRODUCT DETAILS

### KEY FEATURES

SMT integrated technology with surface mount components designed for maximum energy-efficiency and environmental friendliness

Designed for use in schools, sport events, coaching, religious contexts, etc.

35 Watt High-quality power amplifier with 6" full-range speaker

Lithium battery pack with over 5 hours operation (maximum volume with full-charged batteries)

Professional 16-channel UHF wireless with IR setup system

ISM-Europe Band operation (863-865MHz); it doesn't need any special license in Europe

Handheld microphone with cardioid dynamic capsule

MP3 player with Bluetooth™, USB, SD-Card e IR remote controller

Built-in Echo effect on wired/wireless microphones

Bag with shoulder strap, side pocket and opening with zipper and net on speaker side, which allows the use of POCKETLIVE U16 also inside the bag

5V DC USB charger out (max 500mA) for smartphones and other external devices

Microphone stand adapter

## SPECIFICATIONS

<b>Power Amplifier</b>	35W
<b>Input / Output Connections</b>	1x Wired Mic, 2x Line In (one on the MP3 player), 1x Line Out
<b>Speaker size</b>	6" full-range
<b>Dynamic range</b>	>95dB
<b>Total Harmonic Distortion</b>	< 0.8%
<b>frequency Response</b>	40Hz-15KHz $\pm$ 3dB
<b>Battery</b>	Rechargeable Lithium Battery Pack 14.8V - 4000mA
<b>External Power Supply</b>	Input 100-240Vac, 50/60Hz – Output 19Vcc, 3.42A (70W Max)
<b>Dimensions (WxHxD)</b>	296 x 180 x 175 mm
<b>Packing Dimensions (WxHxD)</b>	365 x 245 x 295 mm
<b>Net Weight</b>	2.6kg (batteries included)
<b>Gross Weight</b>	4.2kg
<b>Receiving Band</b>	UHF 863-865MHz
<b>Receiver Total Harmonic Distortion</b>	< 0.4%
<b>Receiver Frequency Response</b>	40Hz-15KHz $\pm$ 3dB
<b>Receiver Signal/Noise Ratio</b>	> 95dB
<b>Receiving Sensibility</b>	>7dBuV (SINAD=30dB)
<b>De-Emphasis</b>	75uS
<b>Transmission Power</b>	10mW
<b>Transmitter Maximum Deviation</b>	$\pm$ 20KHz
<b>Handhel Mic. Batteries</b>	2x 1.5V AA-Type
<b>Handhel Mic. Battery Life</b>	5 hours
<b>Handhel Mic. Dimensions (W/DxH)</b>	$\varnothing$ 50 x 232 mm
<b>Handhel Mic. Net Weight</b>	0.26kg (batteries included)
<b>MP3 Player Audio Formats</b>	MP3, WMA, WMW

IR remote controller

USB and SD-Card slots
